“Preparing students for the future . . . today”

Dear Parent or Guardian:

Gustine Unified School District receives Title III funding from the federal government to help English learners to speak, read, and write in English and to achieve in reading and mathematics. School districts and other agencies that receive Title III funds are reviewed each year to see if they meet three objectives for their English learners:

- Progress in learning English
- Progress in the percentage of students who become proficient in English
- Academic targets in English-language arts and mathematics

For the 2012-2013 school year, Gustine Unified School District did not meet one or more of these targets.

- The target of 89% of all students proficient in English Language Arts was not met.
- The target of 89.1% of all students proficient in Mathematics was not met.
- The targeted API growth rate was not met.

If you would like more information about how your child is performing on these targets, please contact your child’s teacher or school. Please contact Mary Lee Hellner at 209-854-2824 for more information on the educational program to help English learners become English proficient and meet academic goals.

Sincerely,

Ron Estes
Superintendent
Gustine Unified School district
